

**OCTOBER 31 –
NOVEMBER 3,
2023**

**THE 12th ST. PETERSBURG
INTERNATIONAL
GAS FORUM**

On October 31 through November 3, 2023, the 12th St. Petersburg International Gas Forum, one of the major events in the gas sector, will be held in Expoforum Convention and Exhibition Centre.

Every year, the St. Petersburg International Gas Forum brings together international experts, top managers of oil and gas companies, representatives of federal and regional authorities, dedicated associations, and centres for research and development. At the venue of the Forum, most progressive and important trends of the industry meet, creating perfect environment for demonstrating potential of Russia and also contributes significantly to finding the best scenarios for the country's further development.

At SPIGF 2023, leading companies from all across Russia will present their most advanced projects and thus take part in implementation of future-oriented initiatives in the gas sector. Collaborative stands arranged by constituent units of the Russian Federation (the Astrakhan, Chelyabinsk and Penza Regions, the Perm Territory, and the Republic of Tatarstan) will demonstrate the production potential of the Russian fuel and energy sector.

Dozens conferences, meetings, and round-table discussions covering 18 topics are included into the Convention Program of the Forum. Special focus will be on the import substitution, search of new growth points required to ensure effective technological cooperations and technological leadership in the gas sector, new LNG-related projects, and global collaborations. Special technical tours will be offered to the SPIGF participants, too.

As usual, top experts from energy companies will come to meet potential leaders of the oil and gas sector on the Youth Day. The Youth Day is a unique project that intends to connect the industrial business elite and students from the top universities of the world so that they find new insights and solutions.

An exhibition of technology, equipment, and dedicated services will be arranged during SPIGF and include several events at once, namely: InGAS Stream 2023 – Innovations in the Gas Industry International Specialised Exhibition, Import Substitution in the Gas Industry Corporate Exposition, GAS ENGINE FUEL International Specialised Exhibition, and ROS-GAS-EXPO International Specialised Exhibition of natural gas industry and technology for gas facility. This year, the Exhibition Program of the Forum is going to be as large-scale as ever – the exhibitions will be arranged in three pavilions of Expoforum, in the Passage, and out of doors also.

Over 500 companies have already confirmed they are going to join the event, including Gazprom, TMK, Almaz-Antey Air and Space Defence Corporation, HMS Group, UEC, OMK, Main Company of COMITA Group of Companies, Zagorsk Pipe Plant, Ural Steel, Gazprombank (Joint Stock Company), Gazprom Bureniye, Salavat Catalyst Plant, Rossiya Bank, Gazprom GNP Holding, Bunter Group, Rostelecom, Gazprom Energoholding, Tyazhprommash, Gazprom Gas-Engine Fuel, CryoGas, Prosoft-Systems, Vega-GAZ, Polycell Scientific and Production Association, Gazprom LNG Technologies, Neftegazdetal, NKMZ-Group, Ural Automobile Plant, ROG-Engineering, GT Energo, ROOST-95 Trading Company, CHETA, INTRA Services Company, KRUS-Zapad Company, ZAVOD GORELTEX, Elemer Research and Production Company, Tekhstroy, Turbulentnost-DON, KuibishevTelekom-Metrology Research and Production Enterprise, and many more. The Exhibition Program of the Forum will also include stands arranged by companies from the People's Republic of China, Turkey, the United Arab Emirates, Italy, Iran, and the Republic of Belarus.

The participants will also be able to have formal and informal meetings in special meeting rooms, signing ceremony points, and the business lounge. The Business Matchmaking Centre, another traditional event arranged during SPIGF, will bring together the major participants of the oil and gas industry, eager to meet prospective suppliers and contractors.

The Forum will be arranged with support of the Ministry of Industry and Trade of the Russian Federation, the Ministry of Energy of the Russian Federation, and the Government of St. Petersburg.

The organiser of the St. Petersburg International Gas Forum is ExpoForum International, the co-organiser of the exhibition program is FAREXPO.
